

# INSULATED PLIERS

## 160 mm Diagonal Cutters (VDE)

**ADI  
PRO**

These ADI Pro 1000V insulated cutters are the perfect addition to the professional installer's tool kit. The cutters are VDE approved, meaning that they have been thoroughly tested and certified, giving you the confidence needed when working on live wires up to 1000 V. The cutters feature smooth, ergonomic handles, making these hand tools comfortable to use for extended periods of time.

## WBXCU161VDE
